VINKORT // WINE LIST

På PONY serverer vi vine fra små producenter, med hjertet på rette sted og støvlerne dybt plantet i deres terroir. Som minimum er vinene økologiske eller biodynamiske, fordi vi hverken vil byde druerne eller jer andet...

Vi kan bedst lide vine fra kølige klimaer med syre, frugt og liv. Men vi har alt fra vilde naturvine, til flasker fra velkendte distrikter med klassiske udtryk

- Tøv ikke med at tage fat i os, hvis I har spørgsmål!

At PONY, we serve wines from small artisanal wine makers, with a big heart and a deep understanding of their terroir. All of our wines are organic or biodynamic, because it's better for both the grapes and you...

We really like juicy, acidic and vibrant cold climate wines, but we try to cover everything from funky natural wines, to bottles from well known regions with classic profiles

- Please don't hesitate to ask, if you have any questions!
